

Califat Coal Mine, St George's Hill, Swannington Photographic Report Of LIHS Excavation - July 2021

Califat Engine House

Continued the landscaping work at the top of the winding drum void where the previous material had shrunk.

Landscaped the track end of the engine house, but still more to do.

Continued weeding and landscaping the tunnel area.

Califat Coal Mine, St George's Hill, Swannington Photographic Report Of LIHS Excavation - July 2021

The fourth and final step from the stoke pit and coal stacking pavement was installed. The steps will be so useful in enabling visitors to access these areas.

Miners Cottages

Weeding around the cottage building continued.
