

Califat Coal Mine, St George's Hill, Swannington Photographic Report Of LIHS Excavation - October 2022

Califat Engine House

The Heritage Trust had engaged a man to complete the arched end of the tunnel and point the brickwork in the winding drum pit.

Califat Coal Mine, St George's Hill, Swannington Photographic Report Of LIHS Excavation - October 2022

Alabama Engine House

The north west corner next to the bob wall was dug out so that the tiered brickwork was exposed.

The brick pavement at the south end of the bob wall was dug out and exposed.

The two studs on the brick plinth on the east side of the complex were exposed.
