

Califat Coal Mine, St George's Hill, Swannington Photographic Report Of LIHS Excavation - February 2023

Alabama Engine House

The area to the east of the memorial stones was cleared.

The first pair of studs on the brick plinth on the eastern side of the complex were fully exposed.

A rough ramp at the west side of the complex enabled wheelbarrows and carts to take the soil to the spoil pile.

Califat Coal Mine, St George's Hill, Swannington

Photographic Report Of LIHS Excavation - February 2023

Break time provided the chance to discuss progress of the dig and each other.

Miners' Cottages

The diggers kept working along the sides of the cottages.
