

## **Califat Coal Mine, St George's Hill, Swannington Photographic Report Of LIHS Excavation - May 2023**

### **Alabama Engine House**

Diggers continued removing soil down to planned levels so that the brickwork could be seen clearly.

The Newcomen boiler circle of bricks was proving to be elusive.

A nail was a rare find.

Break time is not just for the current diggers, former diggers are always welcome.

### Miners' Cottages

Only the pink team were allowed to work on the cottages!

Work continued at the back of the cottages and the under stairs area.
